**SPECIAL PROCEDURES ENDOVASCULAR INTERVENTIONS** was developed to train radiology techs, operating room nurses, and scrub techs on the team approach to endovascular procedures. Participants will receive didactic instruction, case review, and procedural observation. The course will provide endovascular support personnel with the information and training necessary to perform as an integral member of an endovascular team.

This course has been approved for Category A CE credits by the ASRT Department of Education.

This activity for 15 contact hours has been approved by the Arizona Nurses' Association, an accredited approver of continuing education in nursing by the American Nurses' Credentialing Center's Commission on Accreditation. ID #099-08.

*AzNA and ANCC Commission on Accreditation do not approve or endorse any commercial products displayed.*
